I am	I'm trying to	But	Because	Which makes me feel
Nutritionist	Helps the clients to use the food and nutrition to promote health and manage disease	Clients won't want to change certain eating habits	Many clients will have a hard time changing their mind, particularly advice from a well-meaning, but ill-informed, friend	Daunting
Fitness Freak	They are very conscious about their weight gains and sometimes they change their diet plan to achieve an ideal body weight	Sometimes diet can't be maintained	There is not enough time to maintain the diet plan	Frustration
